

INVENTING SOUTH ESTD NORWOOD 2021

CELEBRATING LOCAL
INVENTION & CREATIVITY

STANLEY
ARTS

Calling all Gadgeteers!

Did you know, South Norwood is the birthplace of many unique and interesting inventions?

Inventor William Stanley set up a factory near the train station which supplied his contraptions to artists, meteorologists and explorers across the world!

We challenge you to create a brand new invention this summer and become the next mastermind of South Norwood!

Draw or describe your creation and inspire the next generation of makers, movers and shakers.

Submit your inventions **by 4th September** and be in with a chance of winning our prize draw.

Inventions can be dropped off at:

South Norwood Library
10am – 6pm on Tuesdays and Wednesdays

Or the Stanley Social Cafe at Stanley Arts
12 – 4pm anyday Monday - Sunday

Remember to include your name, age, contact details and invention title when submitting your inventions!

The Gadgeteers, Summer Reading Challenge is running in all Croydon Libraries over the summer for children aged 4-11. All your child will need to do is read or listen to 6 books during the holidays! So pop to your nearest Croydon Library to sign up, get reading and to complete the challenge! Further information can be found at www.croydon.gov.uk/src

Draw or describe your invention in the box below!

Invention title	
Name of inventor	
Age of inventor	
Inventor contact detail	

Tick here if you would you like to enter our prize draw	
Tick here if you are happy for your invention to feature on the Inventing South Norwood and Stanley Arts website?
